PIKE 11'6"

For long sea trips

With its **touring shape**, the Pike perfectly combines technology and adventure. **It's the ideal choice for all riders who want to ride long distances.** Its versatile shape and well-balanced dimensions make it a perfect choice for beginner riders looking for adventure, as well as more advanced riders looking to push their limits.

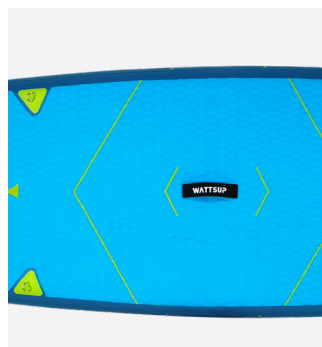

Its generous width and long, tapered nose give it excellent gliding performance, as well as unrivalled stiffness and stability. **Its top-quality EVA** coating is essential for good support when manoeuvring and in the waves.
