VITA

SEMI-RIGID SPA

The perfect compromise between rigid and inflatable

- **Woven PVC outer shell :** The Vita spa features an elegant woven PVC exterior, designed to withstand outdoor conditions while offering a refined finish that blends seamlessly into any relaxation space.
- **Insulated cover :** Supplied with a reinforced insulated cover, the Vita limits heat loss and protects the water from external impurities. Spa's lifespan is extended and energy consumption is reduced.
- **Foam-insulated structure** : With its high-density foam walls, the Vita spa provides excellent thermal insulation and high seating comfort, ensuring pleasant spa sessions all year round—whether in summer or winter.
- **Vertical back massage bubbles :** Equipped with strategically positioned diffusers, the Vita spa delivers vertically directed massage bubbles along the back, targeting tension points for immediate relaxation

Optional **furniture**

Capacity **4 people**

Setup **15 min**

Insulated **cover**

1 filter cartridge

WARRANTY **2 YEARS**

COMFORT & ELEGANCE

Vita spa stands out with its meticulously crafted finish and elegant design.
Its 8 cm foam structure combines several advantages: quick assembly, greater rigidity compared to an inflatable spa, and better insulation thanks to its foam panels.

Comfort is ensure by a foam mat integrated directly into the bottom of the liner providing a comfortable seating experience. The dark faux-leather trim enhances the spa's elegant design.

Powered by the Netspa motor unit, it independently manages filtration, heating, and the release of relaxing bubbles, all controlled with a simple press of a button.

Secure locking system

Smart motor unit
(filtration, heating, massage)

Reference	SP-VIP140B
Capacity	4 people
Dimensions	Ø 156 x H 70 cm
Internal dimensions	Ø 140 x H 70 cm
