Function		Heating, cooling, automatic		

**Full Inverter R32 Technology**

Reduces electric consumption by **30%** compared to On/Off technology.

**WiFi Connection**

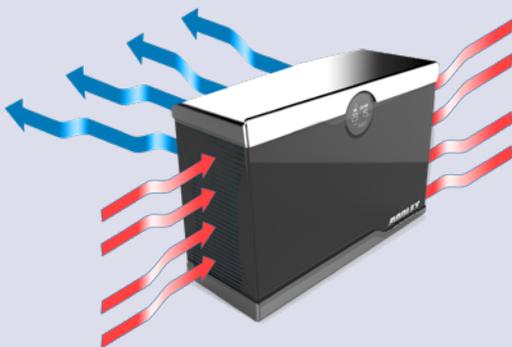

Manage your HP directly from your smartphone

Check water temperature and operating modes in real time

**INNOVATION 2021**

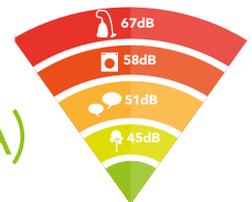

**New rear blowing architecture**

Finished the flow of cold air from the front thanks to the rear blower. This solution makes it possible to significantly reduce the acoustic pressure while maintaining first-rate performance. This architecture, coupled with Full Inverter technology, makes this heat pump almost completely silent.

**Ultra silent**

**18dB(A)**  
at 10m

Coupling Full Inverter technology with the new rear blowing architecture, the Silent Max Fi reaches a level of silence never before achieved for a swimming pool heat pump.

**The POOLEX + : all accessories included**

Delivered on wooden pallet

PVC Connectors  
Ø 50mm 1" 1/2

Anti-vibration support kit

Condensation drainage pipe

Winter storage cover

Multi-language user manual
