A RELAXING BREAK FOR MYSELF

This infrared sauna gives you all the benefits of a professional sauna in a compact cabin designed for your personal use. An ergonomic backrest invites you to sit comfortably and enjoy the full benefit of quartz rays over the entire back in a space cradled in comforting heat from carbon panels.

Thanks to its compact size, you can place it in a small space and create a complete relaxation area: a bathroom, a room for your exercise bike or even next to the spa you had installed last year.

Your relaxation is completed with a full mind release by playing music of your choice inside the sauna and enjoying a comfortable read.

MAIN FEATURES

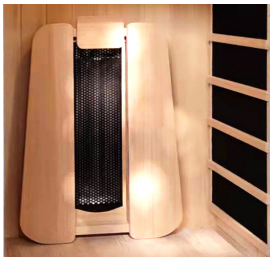

Optimized compact design

Easy to install
in 30 minutes

Quartz emitters

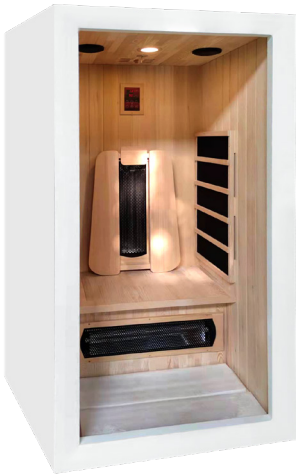

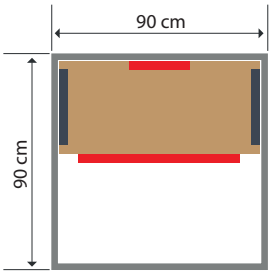

Ergonomic backrest

Canadian Spruce
