Poolican®

What if you simplify your life?

Are you overwhelmed by all the equipment needed to keep your pool spotless and functional? Poolex has the solution for you with the Poolican, an intuitive device that fully simplifies pool management.

The Poolican combines the three essential elements for clean and healthy water: a circulation pump, an efficient cartridge filter, and a salt electrolyzer for natural disinfection. But Poolex goes even further by integrating a fourth essential element for your comfort: a reversible Full Inverter heat pump, ensuring the water temperature is always perfect for your swims.

Compact and easy to install, the Poolican can be placed near your pool and simply plugged into a power outlet. Once installed, you can manage everything remotely from your smartphone via the Poolex app. **Water circulation, filtration, disinfection, heating, and even controlling your pool lighting—everything can be managed with just one click!**

With the Poolican, you simplify pool management and enhance your comfort. Poolex offers you an all-in-one solution for a consistently impeccable pool, effortlessly.

**COMPATIBLE WITH IN-GROUND
OR ABOVE-GROUND POOLS UP TO 25m³**

OPTIONAL
Kit for in ground pools

PRE-FILTER

CHECK VALVE

**Do you want to adopt a more eco-friendly routine?
Poolex is here to support you in your efforts.**

Thanks to the electrolyzer, your pool treatment becomes more efficient and balanced, reducing the use of chemicals while preserving the water. The heat pump, equipped with Full Inverter technology, ensures continuous operation without consumption spikes, optimizing your energy use and reducing your ecological footprint, all while guaranteeing optimal comfort for swimming.

CENTRALIZED & CONNECTED CONTROL

TECHNICAL SPECIFICATIONS

GENERAL

Pool volume	25 m ³
Power supply	230 V - 50 Hz
Max power	1.25 kW
Connections	32 / 38 mm
Product dimensions	805 x 405 x 595 mm
Noise level at 10m	≤ 28 dB
Led lighting	12 vdc / 60 W
Warranty	2 ans

HEAT PUMP 5 KW

Air 26°C / Water 26°C	Capacity	5 kW
	Power consumption	0.91 kW
	COP	5.5
Temperature range	15 / 40°C	
Operating range	-7 / 43°C	
Refrigerant	R32	
Compressor type	Rotary	
Functions	Heating / Cooling / Auto	

THE ULTRA-COMPACT TECHNICAL ROOM

SALT ELECTROLYZER

Salinity	3.5 g/l
Max production rate	5 g/l
Cell cleaning	Polarity reversal
Operating modes	2 modes: normal / boost

FILTRATION

D127 x H235 antibacterial filter

Pureflow optional

CIRCULATION

Flow rate	5,5 m ³ /h
Power	140 W
