VITA PREMIUM

Excellence in a Premium Spa

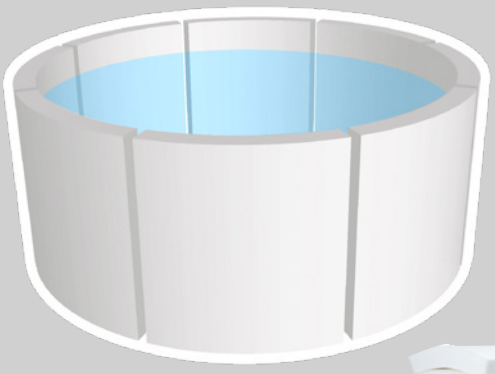
"A comfortable structure easy to install"

Self-standing structure with insulated foam panels



- *Better thermal insulation*
- *More rigid than an inflatable structure*
- *No risk of a possible puncture*

"A motor block that takes care of everything"

All-in-one motor block

- *1500W electric heater*
- *Filtration pump with anti-bacterial cartridge included*
- *Integrated filtration cartridge*
- *Bubble generator (88 air nozzles)*

AFTER-SALES SERVICE

- *Replacing the pump in 72 hours.*
- *Assembly and disassembly in less than 5 minutes.*
- *Revolutionary system! The pump can be removed without draining the water*

SAV FRANÇAIS

"A design that appeals to your senses"

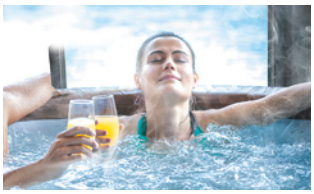
Outer liner
With an 0.8mm thickness, the textured liner is colour ingrained and is very pleasant to the touch.

Inner liner
Its pearl colour brings a pleasant lagoon shade to the water and its 0.6mm thickness as well as its heat-bonded seams afford it great resistance.

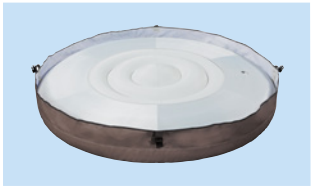
Topstitching
Light coloured outside topstitching brings a certain general finish to the spa.

EQUIPMENT & ACCESSORIES

Insulating foam structure (ep.11.5cm)



The deepest spa on the market



Premium inflatable cover

Filtration cartridge built into the pump
