PureFlow®

NEW GENERATION HIGH PERFORMANCE POLYMER FILTER

The PureFlow® Cartridge for all cartridge filtration systems.

The PureFlow® Cartridge is a filter cylinder that enables you to replace the filter cartridge in your NetSpa spa. Revolutionary and innovative, the water in your spa is clear and limpid from the first minutes of use.

In addition to having very high filtering power, the PureFlow® Cartridge is durable with a use 10 times longer than a conventional filter cartridge, while reducing the use of water treatment products. Resistant and environmentally friendly, this PureFlow® Cartridge is safe for the health and is ideal for people with allergies.

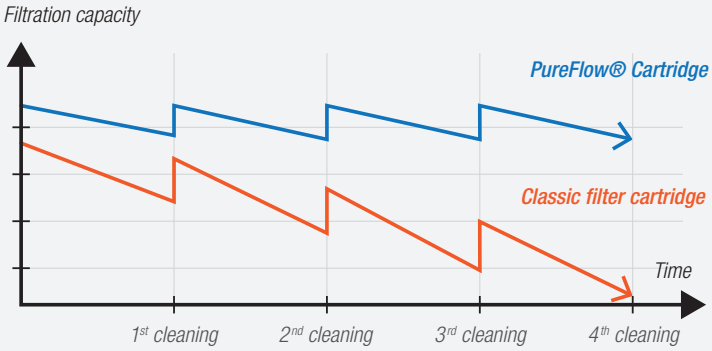

- ***Crystal clear water fast***
- ***Cost effective and durable*** *(a lifespan 10 times longer than a conventional cartridge)*
- ***Compatible with all NetSpa spas*** *with a cartridge housing diameter of +/- 2cm*
- ***Environmentally friendly:*** *fewer chemicals for healthier water*
- ***Ideal for people with allergies***
- ***Up to 250 times the filtration volume***
- ***Reduction of biological clogging***
- ***Washable****: it is advisable to clean the filter cartridge under a stream of water or in a bucket of water*
- ***Made in Germany***

1-3 MICRONS

15 MICRONS

COMPARED TO A CONVENTIONAL FILTER CARTRIDGE

	Batch of 2 = 600 gr
Reference	JL-P14106
